### Key Responsibilities *(including but not limited to)*

#### 1. Supervision and Guidance

- Provides clinical supervision to therapists, counsellors, social workers, nurses, and other clinical staff.
- Conducts regular individual and group supervision sessions to review cases, provide feedback, and offer guidance on clinical interventions.
- Monitors the clinical work of staff members to ensure adherence to best practices, ethical guidelines, and organizational policies.

#### 2. Professional Development/Clinical Education

- Provides clinical education, training, and mentorship to clinical and support staff in Complex Care Housing.
- Supports the professional growth and development of clinical staff through ongoing training, mentorship, and skill-building activities.
- Identifies learning needs and opportunities for staff members and facilitates relevant training sessions or workshops.
- Encourages the pursuit of licensure, certifications, and continuing education among clinical staff.

### 3. Quality Assurance

- Ensures the delivery of high-quality clinical services by monitoring client outcomes, session notes, and treatment plans.
- Conducts case reviews and provides constructive feedback to staff members to enhance clinical effectiveness.
- Collaborates with other departments to develop and implement quality improvement initiatives.

### 4. Clinical Consultation

- Serves as a resource for clinical staff, offering consultation on complex cases, treatment strategies, and ethical dilemmas.
- Provides crisis intervention support and guidance to staff members as needed.
- Fosters a collaborative and supportive team environment conducive to effective clinical practice.

### 5. Documentation and Compliance

- Oversees the maintenance of accurate and up-to-date clinical documentation, including progress notes, treatment plans, and assessments.
- Ensures compliance with regulatory requirements, accreditation standards, and confidentiality policies.
- Assists in the development and implementation of policies and procedures related to clinical documentation and compliance.

## EDUCATION, CERTIFICATION and EXPERIENCE:

- Master's preferred or bachelor's degree with equivalent experience (may be considered) in psychology, nursing, social work, counselling, or a related field.
- Current licensure as a psychologist, clinical social worker, nurse, counsellor, or other relevant clinical licensure, if applicable.
- Demonstrated clinical experience in a healthcare or mental health setting, preferably in a supervisory or leadership role.
- The employer may consider an equivalent combination of education, certification and experience.

## KNOWLEDGE, SKILLS AND ABILITIES:

- Strong knowledge of evidence-based treatment modalities, assessment tools, and diagnostic criteria.
- Excellent communication, interpersonal, and leadership skills.

- Ability to provide constructive feedback, resolve conflicts, and motivate clinical staff.
- Proficiency in clinical documentation and compliance requirements.
- Commitment to ongoing professional development and staying abreast of industry trends and best practices.

#### Preferred Qualifications:

- Experience working with diverse populations and addressing issues related to cultural competence and equity.
- Previous experience in program development, implementation, or evaluation.
- Certification or training in supervision, leadership, or related areas.
- Familiarity with electronic medical record (EMR) systems, PharmaNet, CareConnect, and other technology platforms used in clinical practice.

#### Pay scale:

The salary range for this position is \$90,000 - \$110,000. Salary is determined by education and experience.

#### JOB DEMANDS

This position oversees and supports staff in multiple programs across British Columbia. Virtual/remote and in-person work is required in addition to travel and on-call responsibilities. Travel and in-person duties are required during the initial implementation of programs and then sporadically throughout the year based on the needs of each program. Most other work is performed remotely. Other travel may be required for in-person meetings.

#### CRITICAL SUCCESS FACTOR

The core of our business is serving the Aboriginal community; therefore, a critical success factor for any person who joins the AHMA team is to have an in-depth understanding of Aboriginal people and Aboriginal culture, preferably with strong British Columbia connections.

Team members are expected to have gained this understanding through lived experiences, whether it is from being of Aboriginal ancestry or working closely with Aboriginal communities.
